

MALINDA F. PRUDENCIO

Vice President, Risk Control & CRO

As The Energy Authority's (TEA) vice president of risk control and chief risk officer, Malinda Prudencio is responsible for monitoring all commercial business risk and managing the Credit and Risk Control, Compliance, Analytics, and Power Supply Planning Departments. She and her team oversee the administration of TEA's compliance procedures and perform ongoing maintenance of TEA's Risk Management Policy.

Ms. Prudencio originally joined TEA's front office in 1998. In 2001, she transitioned to the credit and risk management teams where she progressed through a variety of middle office positions. She helped develop the first regulatory compliance program at TEA and continues to play an integral role in the implementation of strategies and policies to monitor market, credit, and operational risk for TEA and its clients.

Ms. Prudencio earned a master's degree in business administration from the University of North Florida and a bachelor's degree in business administration from the University of Florida. She is a Committee Chair in the Committee of Chief Risk Officers and has been featured as an industry presenter on risk control best practices and training
