The Energy Authority Announces New General Counsel & Chief Legal Officer

Jacksonville, FL – March 11, 2021—The Energy Authority (TEA) is pleased to announce the appointment of Barbara Miller, Esq., as its General Counsel and Chief Legal Officer. Bringing the role of General Counsel in-house was a strategic decision, and Ms. Miller's education and experience make her uniquely qualified to serve TEA and its clients. Her depth and breadth of experience will further strengthen TEA's position as the strategic partner of choice.

Ms. Miller brings more than 20 years of experience representing companies in a variety of industries, including energy, financial services, and technology. Her knowledge of complex transactional, regulatory, policy, and governance matters includes expertise in the areas of capital markets, derivatives, and commercial contracts.

“Ms. Miller will be an incredible asset to our team,” said TEA's President and Chief Executive Officer, Joanie Teofilo. “The expertise she brings to this role will provide invaluable support when serving community-owned utilities. More importantly, her leadership style aligns well with TEA's core values and culture.”

Before joining TEA, Ms. Miller served as First Vice President, Associate General Counsel, and Director of Strategy at the Federal Home Loan Bank of Atlanta. Prior to moving in-house, she practiced law at Alston & Bird LLP in Atlanta, Irell & Manella LLP in Los Angeles, and Cravath, Swaine & Moore LLP in New York City. Her professional affiliations and civic involvement include support of and leadership roles within the Leadership Council on Legal Diversity, Communities in Schools of Georgia, and YWCA of Greater Atlanta.

Ms. Miller holds a Juris Doctor degree from Columbia University School of Law and a bachelor's degree in history and science from Harvard University.

The Energy Authority, a public power-owned entity, provides public power and other community-owned utilities with access to advanced resources and technology systems designed to respond competitively in changing energy markets. Through partnership with TEA, utilities benefit from an experienced and like-minded organization that serves as a strategic partner.
